

SPARE A PIECE
OF BREAD
FOUNDATION
(SAPOB)

HOW WE STARTED

- ▶ Spare A Piece of Bread Foundation (SAPOB) was formed in 2017 by a group of friends and indigenes of Obuasi, alongside some noble men and women outside Obuasi who shared a similar vision. In September 2017, the founders started by coming together and mobilizing funds from their savings to fund a project which was slated for December 2017. At that time, it was only a single initiative, but now, it has become a fully-fledged philanthropy organization in Obuasi and its environs. SAPOB has successfully partnered two children's homes in Obuasi (Adullam Orphanage and Patmos Children's Home) and supported their kids with some of their needs.
- ▶ The foundation has since then, grown to include people from different walks of life across the country who share in the same vision. It is currently headquartered in Obuasi with 13 executive members and 19 volunteers passionate about children. We wish to widen our net and reach as many children as possible around the globe.
- ▶ It is priceless to see excitement and happiness on the faces of children anytime we visit and to us, the only reason for our existence is to bring hope to children.

MISSION AND VISION STATEMENTS

OUR VISION

To create a world filled with people dedicated to making life full of hope for children.

OUR MISSION

To inspire children to grow with a purpose and to support them in any form needed.

OUR EXISTENCE

Spare a Piece of Bread Foundation (SAPOB) is a non-governmental and philanthropy organization registered under the laws of the Republic of Ghana that works to create awareness on child protection, child education, child health, advocacy on child rights and to provide support in any form needed by children through the efforts of kindhearted volunteers, collaborative partnerships and compassionate donors.

Our Structure

President

Vice President

General Secretary

Financial Secretary

Committee Heads

And about 15 volunteers and counting
and compassionate donors.

PAST PROJECTS

► OUR FIRST PROJECT (ADULLAM ORPHANAGE)

► From the first week of December through to the Christmas period and after, we took the opportunity to do intensive education, career and life counselling on their dreams and aspirations, child abuse, child labour and also emphasized self- confidence and personal esteem during that project. As part of our program, we organized several games and activities with the children and donated relief items such as food and toiletries.

GALLERY OF THE FIRST PROJECT

PAST PROJECTS

► In 2018, we undertook a similar project at another children's home which seems mostly neglected at the outskirts of Obuasi called Patmos Children's Home. At Patmos, the children there were relatively younger with most of them between the ages of 5- 12. Our child education program at Patmos was mostly on personal hygiene and skill set training. For the first time, we were able to teach all the children in the foster home bead making and yogurt making with the intention that they could use their leisure time to make beads for themselves and yogurt for their consumption as well. We also provided food, toiletries and learning tools at the home at the end of their project.

GALLERY (SECOND PROJECT)

The Next Project

- ▶ The SAPOB team will be visiting the Adullam orphanage home again this December on the 28th.
- ▶ Activities include counseling services, workshops, fun and games during lunch break and crown the day with the donation of items and cash

PRESENTS.

Future flagship project

In 2018, the attention of Spare a Piece of Bread Foundation (SAPOB) was drawn to an on- going threat in some remote communities of the Obuasi Municipal and Amansie Central District relating to extreme forms of child labour, child abuse and other related cases. A team from Spare a Piece of Bread Foundation herein known as **SAPOB** visited eight (8) remote communities in the outskirts of the Obuasi township where all of these cases against children were recorded. The motive was to conduct thorough research on the exact threats against child protection, the extent of child labour and child abuse and the most effective ways to solve the problem.

Why we need your support

Spare a Piece of Bread Foundation is a community based NGO not capable of funding the cost of its operations especially the Child Protection Initiative in the Obuasi Municipal and the Amansie Central District. We require financial assistance and partnership from individuals and organizations to fund the budget for this project.

WHY WE NEED FUNDING
